CAT5/RCA Adapter:

A single or dual CAT5 cable extends AV components, HD TV and Digital Audio up to 50 feet. (Impedance matching required for distances over 50 feet)

Select the adapter you need from the models shown and a single CAT5 cable delivers the desired signal up to 50 feet. The familiar color coded connectors assure that you have made the proper connection and combined with the CAT5 connection on the back, simplifies installation. A set includes TWO(2) adapters (one for each end) as shown in photos.
